Notes:

- Please note that while there are 13 Diocesan Districts, we have combined 2 of them to ensure proper sample size.
- We used 2% as our cost of living increase, but you can use a different number - see the instructions for how to do this
- This data sample contains only information provided to the Office of Catholic Education. Some schools choose not to provide salary data
- Information provided is what is available to the OCE at the time of preparation. Information available is not the same from year to year
- Six of the eleven areas indicate a decline in average teacher salary in 11/12, it is assumed that this is due primarily with dissimilar data
